

EASY HAULER

*We're Behind You
All The Way!*

QUALITY • DURABILITY • STYLE • SATISFACTION

For years, the name Easy Hauler has been associated with quality, durability and customer satisfaction. Sometimes these words are too easily thrown around - at Easy Hauler we take them very seriously.

It's a demanding world, and as any boater would, you demand a lot from your equipment. So do we! We will not accept just meeting your demands - we want to exceed them. That is why only the finest materials go into every trailer we produce.

From PWC's and Pontoon's to Fishing Boats and Cruisers, we are able to produce trailers for every application. Easy Hauler carries on a tradition of building trailers that started over 30 years ago and we now boast one of the most complete trailer lines in the industry. We have worked diligently to produce trailers to a high standard and we now have a product line which has been accepted around the world giving us a truly global customer base.

If you should decide to purchase an Easy Hauler Trailer, thank you very much. Our trailers and our company will not let you down.

Sincerely,

Carl Crewson
President

FEATURES:

1. Heavy-duty structural welded frame.
2. Low-profile underslung suspension protects your cargo and tows smoothly and economically.
3. Custom-tooled heavy-duty axles ensure a perfect fit for your trailer.
4. Contoured design fits cargo snugly.
5. Sturdy adjustable winch stand helps secure your cargo.
6. Dual safety chains.
7. Custom-molded composite fenders.
8. Sturdy fender steps.
9. Easy to change bolt-on coupler.
10. Removable, replaceable or swing tongue; essential when space is limited.
11. Spring-loaded double lip seals help protect bearings.
12. Heavy-duty protective tail light bracket also serves as a step and tie-down bracket.
13. Durable high-gloss finish using polyester powder paint. *Hot-dipped galvanized finish also available.*
14. Extensive pre-treating ensures that all metal parts, including tubing, have the same high-quality powder paint finish.
15. Tires 13" and larger are mounted and balanced on modular rims.
16. Brakes available on most models, std. 3000#GVWR+ (check local brake laws for brake applications and regulations).
17. Swivel jack (std. on all tandem trailers)
18. Adjustable running gear for proper hitch weight distribution (standard on most models).
19. Bearing protectors maintain the hub assembly (standard on most models).
20. Waterproof tail lights (standard on most models).
21. Bow rollers with end caps (standard on most models).
22. Free-turning, self-centering roller assemblies evenly disperse cargo weight for optimal protection.
23. Bow safety chain for added security during launching and towing. (standard on all roller trailers).

FISHING BOAT TRAILERS

1509B

Easy Hauler Trailers are the solution to all your fishing craft needs.

Sized to fit your personal fish-intimidating rig, an Easy Hauler trailer is easy to tow and easy to use.

Our sturdy hand winch and smooth carpeted bunks make launching and recovery as smooth as a trout's belly.

Besides, wouldn't you rather be spending time landing fish instead of worrying about landing your boat?

SINGLE AXLE BUNK TRAILERS

1718BG

Boats weren't built for hauling, they were built for fun on the water. So the design of a trailer needs to deliver the same kind of gentle, cushioning support that water provides.

WATERCRAFT TRAILERS

WC112

WC212

There are many different types of craft on the water...fortunately Easy Hauler makes a trailer to fit just about any one of them.

If your pleasure is hitting the waves and dancing around the swells on a PWC, Easy Hauler has a trailer to suit your needs.

Whether you fly solo or are on a family outing, our trailers come in a configuration that will handle your craft.

YOU WANT TOUGH?...

...Demand Easy Hauler Tough!

Nothing gets past these guys. That's how we know that each and every trailer we produce will be to exacting specifications and will give you years of dependable service.
